Wrap Up

Tom Vodopivec

IADS Analytics & Data Science Summer School 2019
2019-08-05

Summary

Advertising industry

Celtra and data science teams

Reinforcement learning

Multi-armed bandits (theory, applied, practical)

Monte Carlo tree search

Relation between learning and heuristic search

GVG-AI Competition

Cooperation

Universities

- Student competitions
- Guest lectures
- Meetups
- Hackathons
- Internships

Applicative ideas - both directions

Celtra Offices
